

```
Grid::compute_grid
```

```
graph LR; A[Grid::compute_grid] --> B[Grid::dist_squared]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text `Grid::compute_grid`. A blue arrow points from the right side of this box to the right side of a white rectangular box on the right. The white box contains the text `Grid::dist_squared`. Both boxes have a thick black border.

```
Grid::dist_squared
```
